**Product Description****Hot Selling Red Pure 4x8 99.9% Copper Plate C10700,C10100 Solid Copper Sheets For Construction****Other attributes**

Place of Origin	China
Brand Name	Jinshunlai
Model Number	C10100,C10200,C10300,C10400,C10500,C10700,C10800
Application	Industrial or Decorative
Shape	Plate
Width	20~2500mm
Grade	Copper
Processing Service	Welding, Punching
Product name	Hot Selling Red Pure 99.9% Copper Sheets For Construction
Key Word	Copper Sheet Plates
Surface	Polishing
Price Term	CIF CFR FOB EX-WORK
MOQ	1 Ton
Item	Oxidization Stain
Payment	L/C,T/T
Edge	Mill Edge Slit Edge
Port	Shanghai, China
Hardness	Hard

**Packaging and delivery**

Packaging Details	Standard seaworthy export packing or according to the customers' request .
Port	Qingdao

Application:

Electrical, light industry, machinery,national defense industry .

Copper Scrap is industry a important sources of the raw materials, all kinds of can be recycled Recycling waste production with copper

Copper Sheets Widely Application:

\* Copper is a non-ferrous metal closely related to humans. It is widely used in electrical, light industry, machinery manufacturing, construction industry, and other fields. It is second only to aluminum in the consumption of non-ferrous metal materials in China.

\* Copper is the most widely used and used in the electrical and electronic industries, accounting for more than half of the total consumption. Used in the manufacture of various cables and wires, motors and transformers, switches and printed circuit boards. In the manufacture of machinery and transportation vehicles, it is used to manufacture industrial valves and fittings, meters, sliding bearings, molds, heat exchangers and pumps.

\* It is widely used in the chemical industry to manufacture vacuum vessels, distillation pots, brewing pots, etc.

\* In the construction industry, it is used as various pipes, pipe fittings, decorative devices, etc.
